Summary

I am a community activist involved in preserving and expanding members' rights of Cherokee Shores Owners Association with focus on diplomatic solutions that will result in good relationships within and outside our Association. I take time to discuss any matter in question and any proposed solution while prioritizing and remaining focused on the essence of the issue and finding the most efficient path to resolve it. I work well under pressure, adaptable, driven and have a strong work ethic. I respect people's time, appreciate members' support and encourage members' involvement and participation in any capacity, be it time, knowledge, direct volunteering or advice. I have good familiarity with laws and knowledge of the legal paperwork requirements regarding POA operations. And most and foremost I am willing and able to put in the time necessary in improving this community's standing and inspiring members' participation necessary to accomplish community goals.

Current Concerns

- Unreasonable fees and fines
- Changes to Restrictions without members' approval
- Parks and Roads
- Loss and underdevelopment of amenities
- Loss of interest in members participation

Goals

- Encourage members participation and bring our community back to being a neighborhood we can proudly call "Home"
- Bring official documents of the Association up to date
- Encourage transparent, open meetings and communications
- Lead the Association to operate within Bylaws, Restrictions and the Law
- Encourage collaboration in development and overall image and appearance of parks and roads
